

Type of Incident

(example: Slip-Trip, Fall from Height, Vehicle , Laceration, Chemical Exposure)

Summary:

Whilst walking to their place of work, an employee tripped over a raised edge on the external pathway.

The employee injured their leg which required hospital treatment.

Root Causes:

- Poor ground conditions, which has lead to an exposed raised edge.

Actions Taken Thus Far: Next Steps

- Repair ground in area to remove trip hazard.
- Review current procedure in inspecting ground conditions to ensure potential hazards are addressed quickly.
