

Type of Incident

*(example: Slip-Trip, Fall from Height, Vehicle , Laceration, Chemical Exposure)*

Summary:

An employee was working on a customers site. During the erection of a fan, the employee hit his elbow against the impeller casing.

Work continued, no particular pains and bruises on the elbow. The following day the elbow had swollen and became sore, and the employee then went to hospital.

Root Causes:

- Still to be determined (pending investigation)

Actions Taken Thus Far: Next Steps

- Pending investigation
